**Integrated Solutions Compatibility Matrix**  
 Revised as of April 7, 2015

The Integrated Solutions Compatibility Matrix is intended to cover all information as of April 7, 2015, regarding all Integrated Solutions compatibility with Sage 100 ERP version 2015. Any version not listed should be assumed *incompatible*. If your configuration is not listed, Sage Customer Support cannot provide support for you. All hardware and system requirements must meet or exceed the minimum requirements as indicated in the [Sage 100 ERP Supported Platform Matrix](#). Only additional requirements are listed in this matrix.

**Note:** It is critical that before and during an installation, this document be thoroughly reviewed, along with the *Sage 100 ERP Installation and System Administrator's Guide* and other documents found on the [How to install Sage 100 ERP and locate installation and upgrade information](#) knowledgebase article.
